Who we are?

- Education Outreach Scholarship Programme is where we conduct 7-day Live technical and non-technical courses and organize sessions for those who can strike us with their passion to reach the zenith.
- If you have the enthusiasm and willingness to learn, then this scholarship program is for you, where you not only get to enhance your skills but also get hands-on experience from our mentors.
- Every course duration is 7 days and our Mentors teach live. That's the kind of support you can get from us for a year.

Our Aim

- It is intended to provide scholarships to everyone based on their enthusiasm for learning. We follow simple selection criteria; we ask the question “Why do you want this scholarship?” and based on the answer we select our scholars.
- We conduct different batches and, in every batch, we include different types of Tech and Non-tech courses. Our every course consists of 7 days of live interactive and hands-on teaching by our mentors.
